Raw Materials

Inventory · https://mountainstream.co/docs/raw-materials-management/

Raw Materials can be created or edited in the following ways:

- **Stock › Ingredient List – Add Ingredient / Edit “Pencil”.**
- **Stock › Ingredient List > Batch Edit – Add Ingredient / Edit “Pencil”.**
- **Import** a batch of ingredients on this Template
  (Accessible in **Stock › Ingredient List – More › Import**)

[A screenshot of a product edit page for Eggs Free Range (Raw Materials). Tooltips explain that the default unit of measure is from Purchase UoM, with options to add conversions and set a default UoM. Fields for size, price, and conversions are visible.]
