Delivery Charges & Delivery Rules

Distribution · https://mountainstream.co/docs/delivery-charges-delivery-rules/

[A web page titled “Delivery Rules” lets you set delivery charges and delivery rules in Streamline. A highlighted rule, “<$75 = $15 (NJ),” is being edited with price thresholds and delivery fee options. The “Save” button is at the top right.]

1. Set Delivery Rules per Address

Define Delivery Rules and Delivery Charges for each customer **address** to ensure accurate billing and route planning.

Distribution › Settings › Delivery Rules

2. Use the Route Manager

Easily **view and edit delivery charges** using the Route Manager.

*Visit **The Route Manager** for more information.*

3. Set the Nominal Code for Accounting

Ensure delivery charges are correctly exported to accounts by setting the nominal code in:

Distribution › Settings › General Settings
