Distribution Settings

Configuration · https://mountainstream.co/docs/distribution-settings/

General Settings

[A software settings page titled Distribution Settings displays options for general settings, accounting, and multiple deliveries. Distribution Settings tabs for other modules appear at the top, with a green Save button on the right.]

POD Settings

[Screenshot of a POD Distribution Settings page showing delivery address options, daily report timing, and a list of packaging types with checkboxes for Track and Scan Barcode. The “Save” button is prominently displayed at the top.]
