Recipe Totals

Recipes · https://mountainstream.co/docs/recipe-totals/

Navigate to **Production › Recipes › Recipe Totals / Stock › By Date › Recipe Total.**

This displays the recipe totals required for a set date range, according to customer orders received. Recipe Totals drive the **Recipe Card.**

- Recipe Totals are organized according to the order of The Recipe Book (Click & Drag).
- Set Lead Time to start Recipe x hours/days ahead of delivery date.
- Live Recipes are displayed by default.

Printing

If the Recipe is set to Print it will be included in **Daily Summary** and Daily Recipe Cards. Indicated by the following icon –

[A screenshot of a production management software displaying recipe totals by production date, with various recipe names, quantities, percentage increases, production dates, and mix types organized in a clear table format.]
