- Add / edit Suppliers / Vendors by navigating to **Stock › Suppliers / Vendors › List**.
- Suppliers mentioned in the ingredient import template will automatically be added.

[The Vendor Center offers a user-friendly interface for editing a vendor profile, featuring fields for name, trading name, phone, code, minimum order, deadline, shopping list options, and delivery day checkboxes, with save and cancel buttons at the top right.]

## Supplier Invoices

Processed Supplier / Vendor Invoices can be viewed in **Stock › Supplier › Invoices**.

[A screenshot of an invoice management system's Vendor Center displays a table of invoices with columns for supplier name, date, invoice number, delivery date, discount, total, and status. Several invoices are listed with details filled in.]
