Year on Year report

Release Notes · https://mountainstream.co/docs/year-on-year-report/

Finance › Reports › Year on Year.

Breaks down performance by customer, showing both dollar and percentage change. Can be viewed in two modes: **Accrual** and **Cash** to analyze business activity versus actual cash flow.

[A website menu displays tabs for Distribution, Finance, Items, Calendar, and Company. The Finance tab is selected, showing dropdown options: Quickbooks Dashboard and Reports, with the Year on Year report highlighted under Reports.]

Year on Year Sales Comparison

[A dark abstract background with a curved blue shape on the right features the bold white text "Year on Year report" centered, creating a striking and professional visual for your Year on Year report presentation.]

- **Accrual** - Refers for invoiced data.
- **Cash** - Is for collected payments
